

MORE THAN JUST A GLASS BOTTLE

At the heart of i9 bottle is a unique informed tag which positively affect water's natural balance and vitality. Through establishing right balance water regains natural molecular structure (aliveness).

The technology behind i9 products is backed by 30 years of research & innovation and was developed by a team of world class inventors, who received over 90 international awards & recognitions for their exceptional achievements. The process of informing is based on the principles of Homeopathy and supported by the work of leading scientists, extensive testing and scientific principles, which are fundamental to modern physics (quantum mechanics).

RECOGNITIONS BY RENOWNED ORGANISATIONS

Scientists at the German Institut fur Elektrophotonik (Berlin) carried out extensive GDV (gas discharge visualization) tests on the i9 informed water bottle by employing Kirlian camera. Their tests showed a substantial increase in human bio-field after drinking water from the i9 informed water bottle, compared to drinking water from a regular glass bottle.

informed water bottle

Globally Awarded Technology
**HELPING WATER TO
BALANCE & VITALITY**

The i9 high-quality glass water bottle is equipped with an informed tag which ensures effectiveness of the bottle.

Soon after water (or a natural juice, smoothie or other liquid) is poured into the bottle, the information contained in the glass and the tag helps your drinking water return to its naturally pure state thus leading to noticeable changes.

Water regains its natural molecular structure (aliveness), becomes softer and more pleasant to drink.

At the heart of the i9 bottle is a unique TP tag enriched with carefully selected numerical codes.

This carefully selected information is transferred to the information tag via powerful orgone emitters. Institute of Electrophotonics in Berlin carried out extensive tests using GDV camera. Tests revealed drinking water from i9 informed water bottle improves human energetic bio-field by over 12%, as well as lowers stress levels by some 25%, when compared to drinking water from a normal glass.

Nature provides us with amazing, yet simple solutions. Every individual can use this energy for treatment and disease prevention.

When exposed to sunlight, water in a coloured container absorbs the positive vibrations of that particular colour. This is the basic principle of chromotherapy. With the help of thousands of carefully selected sets of information (positive information) you can truly experience the wonderful well-being provided by nature.

SCIENTIFIC TESTS

Several scientific tests have shown that water is clearly positively influenced by the i9 informed water bottle and TP technology.

Some test results:

Double blind tests have shown that the human bio-energetic field increases by an **average of 12%** after drinking water from the informed water bottle

Allium tests have shown that informed water substantially **reduces chromosomal oddities**.

Berlin Institute of Electrophotonics have shown that i9 bottle **lowers stress** levels by some **25%**, when compared to drinking water from a normal glass.
